get a good price.
Your little friend,
MORTON G. MCGEHEE.

We have taken the trouble to inquire What do you think of the men who into the particulars concerning this make a secret bargain not to bid We get this little man's crop for nearly have the benefit of the inquiry.

He took the little crop-made by his failure in life. What a bitter blow it ionest little hands, in toll and sweat. is to a child to work for his honest due, off the warehouse floor, and there was and find that it has been taken from teachers with great interest and pleaa cloud on his heart. He had worked him! Worse than the disappoint sure. hard, in the scorching heat of the sun, ment, is the shock that comes to his Prof. Williams laid stress upon the a cloud on his heart. He had worked hard, in the scorehing heat of the sun, to make his crop. It meant much to him in labor, and it meant much in his hopes, and he did not feel that he could sell it at such a price without otter disappointment. He concluded he would take his chances with the botter disappointment. He concluded he would take his chances with the Association. And so he put it in the Association. And so he put it in the labor, which is the shock that comes to his ment, is the shock that comes to his importance of making the course of study in our public schools more practical by introducing courses on elementary, agriculture, manual training, cooking and dressmaking.

Co.'s stave making plant at this place, was married in Roanoke on the oth importance of making the course of study in our public schools more practical by introducing courses on elementary, agriculture, manual training, cooking and dressmaking and energy than I have hunden systems. This medicine certainly does stimulate importance of making the course of study in our public schools more practical by introducing courses on elementary, agriculture, manual training, cooking and dressmaking.

Mr. Cooper said, in speaking of the stave yard during the day but lodging at Mrs. Hebditch's.

Mg. Moton spoke especially of the stave yard during the day but lodging at Mrs. Hebditch's.

AMELIA COUNTY.

Jettes wile a place of making plant at this place, was married in Roanoke on the 6th importance of making the course of study in our public schools more practical by introducing courses on elementary, agriculture, manual training, cooking and dressmaking.
